

Eigenschaften von Intel(R) 82579LM Gigabit Network Connection X

Allgemein Erweitert Treiber Details Ereignisse **Energieverwaltung**

 Intel(R) 82579LM Gigabit Network Connection

☒ Computer kann das Gerät ausschalten, um Energie zu sparen

☒ Gerät kann den Computer aus dem Ruhezustand aktivieren

☐ Nur Magic Packet kann Computer aus dem Ruhezustand aktivieren

Eigenschaft:

Reduce Speed On Power Down ^

RSS load balancing profile

Speed & Duplex

System Idle Power Saver

TCP Checksum Offload (IPv4)

TCP Checksum Offload (IPv6)

Transmit Buffers

UDP Checksum Offload (IPv4)

UDP Checksum Offload (IPv6)

Wait for Link

Wake on Link Settings

Wake on Magic Packet

Wake on Pattern Match v

Wert:

Disabled v

Eigenschaft:
